**Dear Learner,**

Welcome to Odisha State Open University, Sambalpur.

OSOU completed two years of its existence on 10<sup>th</sup> June 2017. It is still the youngest Open University in the educational map of India. During the last two years we have not only admitted learners in twenty-three post graduate diploma, diploma and certificate programmes but also conducted term-end/semester examination and declared the result in record time. This University has organized the First Convocation on 24<sup>th</sup> October 2017. Our entire admission process and all activities related to pre and post examination is online. Technology has, to a large extent, facilitated the teaching-learning process and bridged the gap between the University and its stakeholders in this distance learning institution. I am thankful to the learners for accepting and fast adapting to the technology mediated digital learning system of OSOU.

Today we have 4536 learners, 558 academic counsellors, 42 Study Centres and about 150 part-time functionaries working in different parts of Odisha to provide support to our learners. This number will rapidly increase in coming months.

This year we have introduced four postgraduate diplomas in Journalism and Mass Communication, Rural Development, Cyber Security and Management. Learners pursuing diploma in these disciplines from OSOU can now join PG Diploma through lateral entry provided they are graduates. We have also introduced Diploma in Web Design, Diploma in Multimedia & Animation and certificate courses in e-commerce, New & Emerging Media, Climate Change and Sustainable Development and certificate in Soft Skills and IT Skills. We intend to offer these as add-on courses for regular college and university students to enhance their employment opportunities. Students pursuing certificate courses shall get credit transfer for doing diploma or post-graduate diploma in the same discipline.

Our programme fee is one of the lowest in the country so that all sections of the society can easily afford to study skill oriented courses. The biggest challenge for us is to create access and equity in higher education without compromising on quality. You are cordially invited to join OSOU family to work together for creating a knowledge society in Odisha.

I wish you all the very best in your academic and professional endeavour.

**Srikant Mohapatra**  
**Vice- Chancellor**
